Directions:

1. Cut out the shapes on this page and the grey rectangles on page 2.
2. Fold the large grey rectangle in half horizontally and cut along the grey inner lines.
3. Using sticky tape, glue or a stapler, attach the short edges of the rectangle to make a cylinder.
4. Stick on the eyes, nose and ears.
5. Attach the rat charms with a piece of string attached to the inside bottom of the lantern, or stick on the lantern.
6. Attach each side of the thin grey rectangle to opposite sides on the inside top of the lantern to make a handle.
7. Use a glow stick or LED tea light to light up your lantern.
